JL. Ciliwung GG 1

I am 6th-semester Informatics Engineering student at UIN Maulana Malik Ibrahim Malang with over four years of programming experience. I possess a deep command of various programming languages and am highly dedicated to continuously exploring and refining my competencies across the full spectrum of software development.

Work Experiences

Ezy Industries – Malang, Indonesia Jan 2021 - May 2021

Web Developer Intern | Ezy Industries

- Developed and maintained dynamic web pages and applications utilizing core technologies such as HTML and PHP to support the company's operational requirements.
- Assisted in the design and implementation of responsive user interfaces, ensuring seamless functionality and good user experience across different web browsers.
- Demonstrated strong initiative by proactively learning and exploring modern web frameworks, including Laravel for backend architecture and Vue.js for frontend components.
- Collaborated with team members to troubleshoot, debug, and optimize existing codebases, contributing to more efficient and reliable web applications.
- Participated in writing clean, maintainable code and documenting technical processes to facilitate smooth project handovers and future development.
- Completed the program successfully with an "A" (Excellent) final evaluation grade.

Education

SMK Negeri 8 Malang - Malang, Indonesia Jul 2019 - May 2022

Vocational High School (SMK), Software Engineering, 88.71/100.00

- Built a strong foundation in core software engineering and object-oriented programming principles through practical coursework in C++ and Java.
- Designed and developed interactive web pages and applications utilizing frontend and backend technologies, including HTML, CSS, and PHP.
- Gained hands-on experience in designing, structuring, and managing relational Databases to support dynamic software projects.
- Participated in collaborative technical projects and practical exams, simulating real-world software development lifecycles from concept to execution.

UIN Maulana Malik Ibrahim Malang – Malang, Indonesia Aug 2023 - Jun 2027 (Expected)

Bachelor of Informatics Engineering, 3.56/4.00

- Core Focus: Currently in 6th semester, focusing on full-stack software development and Artificial Intelligence (Python).
- Web Development: Built responsive interfaces and secure backend APIs using HTML5, JavaScript, Bootstrap, TailwindCSS, PHP, Laravel, Node.js, MySQL, Docker, and JWT.
- Mobile & Game Dev: Created cross-platform mobile applications with Flutter and interactive games using Unity, managed via GitHub.
- UI/UX & Design: Designed intuitive user interfaces and visual assets utilizing Figma and Canva.

Skill & Achievements

Hard Skills : Python, PHP, JavaScript, Java, C++, HTML5, CSS3, Laravel, Node.js, Bootstrap, TailwindCSS, Flutter, Unity, MySQL, REST APIs, JWT
Soft Skills : Problem-Solving, Analytical Thinking, Teamwork & Collaboration, Leadership, Adaptability, Fast Learner, Visual & Technical Communication.
Achievements : Programming Essentials in Python (Cisco & Python Institute, 2022) • "Very Competent" in Software Engineering (SMKN 8 Malang & PT Retgoo, 2022) • Fundamental Frontend Engineer with Vue.js (Alterra Academy, 2022) • Java Fundamentals (Oracle Academy, 2022).

Tools & AI Agent

Tools: Git, GitHub, Visual Studio Code, Docker, Google Colab, Roboflow, XAMPP
AI Tools & Promptings: Gemini, ChatGPT, Claude, GitHub Copilot, Sticth, Blackbox, DeepSeek, Antigravity
Design and Media: Figma, Canva, Gamma, Capcut
